PRINCIPAL'S MESSAGE

Dear Parents,

The final school term of the year is always a poignant one. We are caught between the nostalgia of reflecting on the past 5 years of our matrics' time at Danville and the reality of preparing for their final examinations. We are confident that they are ready for their exams and wish them every success as they focus on studying and writing the papers. The rest of the school is completing the syllabus for the year and also preparing for year - end examinations. Time and again, the "magic" formula has been proved right : Hard work + a positive attitude = success. I encourage each girl to set herself a challenge to produce her best work and then to work with focus to reach her goal.

Kind regards,
Cally Maddams
